BEST PRACTICE 1

Empowering Excellence: Holistic Student Support through Scholarships, Freeships and Fees Concession

Gobardanga Hindu College has implemented a groundbreaking program, "Empowering Excellence," aimed at supporting student academic achievement and mitigating financial barriers.

AUDIT REPORT: DOWNLOAD

a. Merit-Based Scholarships:

To recognize and reward academic excellence, the institution has instituted a merit-based scholarship programme. Under this scheme, students securing a first-class receive a monetary reward of Rs. 2000/- per year. Over the past 5 years, many students have benefited, fostering motivation and recognizing their hard work and dedication, except for the two pandemic years.

b. Freeships and Fees Consessions for Economically Challenged Students:

POLICIES: DOWNLOAD

Understanding the financial challenges that some students may face, the institution has established a freeship programme. Economically challenged students, with less family income, benefit from a fee waiver scheme. Depending on the financial need, the college offers various levels of fee concessions, including half fees waived, quarter fees waived, and, in cases where the earning member has passed away, the complete waiver of course fees. More than 12000 number of students have benefited by this programme during last 5years. This inclusive approach ensures that deserving students can pursue education without being hindered by financial constraints.

c. Free NET/SET Coaching for PG and B.Ed. Students:

Gobardanga Hindu College's provision of free coaching for the National Eligibility Test (NET) and State Eligibility Test (SET) signifies its commitment to academic excellence and supporting students in their pursuit of higher education. This initiative stands out as it offers students an opportunity to prepare for these competitive exams without financial constraints.

By providing free NET and SET coaching, the college demonstrates a dedication to empowering students to excel in their academic careers. The coaching likely includes comprehensive guidance, study materials, and mentorship, enabling students to prepare more effectively for these crucial examinations.

This initiative aligns with the college's priority of promoting higher education and facilitating career advancement opportunities. It reflects a proactive approach towards helping students achieve success in academia, contributing to their future prospects and reinforcing Gobardanga Hindu College's commitment to educational empowerment.

Greening Minds, Greening Spaces: Environmental Consciousness and Sustainability

Gobardanga Hindu College is dedicated to environmental consciousness and sustainability through its initiative, "Greening Minds, Greening Spaces." The program aims to create a sustainable and eco-friendly campus environment, encourage community involvement, and raise awareness of environmental issues among students as well as neighbours.

a. Pocket Gardens along the roadside from GobardangaRailway Station to College:

Gobardanga Hindu College's initiative to establish 46 mini pocket gardens along the roadside from Gobardanga Railway Station to the college exemplifies its dedication to extending environmental consciousness beyond campus boundaries. These pocket gardens serve as green spaces, beautifying the area and fostering a sense of environmental responsibility within the community.

By transforming the roadside into vibrant gardens, the college encourages community engagement and awareness regarding environmental conservation. The project not only enhances the aesthetic appeal of the surroundings but also educates students and locals about the significance of green spaces in mitigating environmental challenges.

The college's collaboration with the Gobardanga Municipality underscores its commitment to community involvement and sustainability. The recognition received in the form of an appreciation certificate and trophy from the municipality validates the impactful contribution made towards raising environmental awareness among students and the local populace.

This initiative showcases Gobardanga Hindu College's proactive approach in promoting environmental stewardship, demonstrating how educational institutions can actively engage communities to create a greener and more sustainable environment beyond their immediate campus boundaries.

b. Green Campus with Diverse Plant Species:

Gobardanga Hindu College has taken significant strides toward creating a verdant, eco-friendly campus by establishing a green oasis. The campus boasts a remarkable array of **353** trees and a diverse collection of **42** plant species, accentuated by three vibrant lawns adorned with flower and herbal gardens. This lush greenery isn't just for aesthetics; it serves as an educational tool and symbolizes the college's commitment to sustainability.

GREEN CAMPUS

Ref	Date :
20,1	2 000 0 1 11111111111111111111111111111

The collaborative efforts of the National Service Scheme (NSS) Unit 1&2 and the Department of Botany in maintaining these green spaces highlight the integration of academic learning and practical application. This collaboration offers students hands-on experiences in botany, horticulture, and gardening, enriching their understanding of plant life, ecology, and sustainable practices.

Beyond beautifying the campus, this green initiative serves as a living laboratory, providing a conducive environment for research, learning, and appreciating biodiversity. It stands as a testament to the college's holistic approach to education, blending academic knowledge with practical applications to foster a sustainable and environmentally conscious community.

c. Green Playgrounds: Gobardanga Hindu College sets a commendable standard with its best practice of maintaining two well-kept green playgrounds—one for football and another for cricket. These grounds undergo consistent care and meticulous maintenance throughout the year.

The institution's commitment to regular trimming and upkeep of these playgrounds showcases a dedication to providing optimal sporting facilities for students and fostering a healthy and conducive environment for sports activities. The maintained grounds not only ensure safe and suitable playing surfaces but also promote a sense of pride and engagement within the college community.

By prioritizing the maintenance of these green spaces, Gobardanga Hindu College demonstrates a commitment to student wellness, physical fitness, and the encouragement of sportsmanship. These well-maintained playgrounds serve as hubs for athletic development, recreation, and community bonding, enriching the overall student experience while upholding a standard of excellence in campus infrastructure.
